

Fairmont Royal York Hotel - Custom Bronze Stair Nosings

Location Fairmont Royal York Hotel – Toronto
Designer Soheil Mosun Limited
Duration September 2006 - November 2006

Scope - To design, manufacture and install (16) custom bronze stair nosing trims.

Highlights - A robust, but elegant solution was required to prevent premature carpet wear in this high traffic area. Each custom stair nosing trim was manufactured from solid bronze material, matching the existing handrail and treated to SML's non-directional orbital finish; allowing easy site repair to the trims in the event of scratches in the future.

Detail of custom fitting

Durable bronze nosing fronts

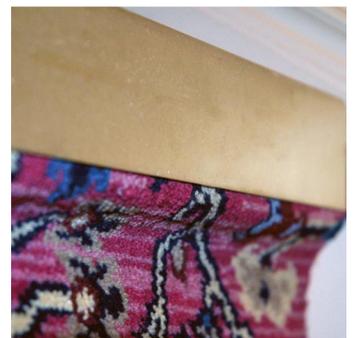

Detail of abrasive non-slip tape

These custom made bronze stair nosings add safety and elegance to a well used staircase

Individually crafted nosings

Custom fit to each stair
